The  
*Vibrant*  
Palette

2016 STUDENT ART EXHIBIT  
November 12 – December 30 2016

The Vibrant Palette Art Exhibit is our opportunity to support schools, parents and children in their pursuit of the arts.

We hope that this exhibit provides a way to inspire and mentor children to continue to improve their skills and share their love of art. It is our hope that we provide a place for them to feel welcome and encouraged along their path.

*"The arts are not only fundamental to success in our demanding, highly technical fast-moving world, but they are what makes us most human, most complete people."*

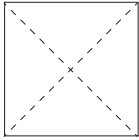

*Eric Jensen - Arts with the Brain in Mind*

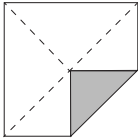

CUT ALONG LINE

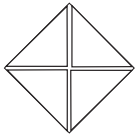

HOW TO MAKE A COOTIE CATCHER

Fold the edges to create "X" crease

Fold 4 corners to center of "X" crease

It should look like this when done

Flip over and fold the corners to the center again

It should look like this when done

Flip over

Fold in half to form a 'tent'

Work your fingers into the four corners from the folded side - work the creases out to form the four points.

Thank you to Royal Bank of Canada for your support.
